

INVENTO AHL 40E Electrohydraulic BATTERY jack mobile

INVENTO AHL40E Electrohydraulic Jack with a **40/20T** lifting capacity and lifting height up to 374 mm with extension pads! — reliable power and mobility.

Description

INVENTO AHL40E Electrohydraulic Jack — Reliable Power and Mobility

INVENTO AHL40E electrohydraulic jack, with a lifting capacity of 40/20T, is the perfect tool for mobile service units and workshops handling trucks, buses, trailers, and semi-trailers.

Battery-powered, it requires no air compressor, ensuring quiet and efficient operation even in the field. Its robust construction and advanced features guarantee safety and ease of use.

Key Features:

- **Durability and reliability** — perfect for intensive use.
- **Ideal for mobile service** — no need for a compressor, enabling work anywhere.
- **Quiet operation** — providing comfortable working conditions even in enclosed spaces.
- **Compatible with INVENTO, MAKITA, and MILWAUKEE batteries.**
- **Long control handle** — allows for fast lifting and lowering.
- **Three-position handle lock** — for greater control and convenience.
- **Rubber wheels** — for easy maneuverability.
- **Optional extension pads** — from 45 mm to 75 mm for greater versatility.

Technical Specifications:

- Lifting capacity: 40/20T
- Minimum height: 151 mm
- Maximum height: 299 mm
- Power supply: Battery-powered
- Compatible batteries: INVENTO, MAKITA, MILWAUKEE
- Handle lock: 3 positions
- Wheels: Rubber, for easy maneuvering
- Extension pads: 45 mm & 75 mm
